REPORT OF THE SUPERINTENDENT OF NURSES

Number of nurses graduated in 1912, thirty-four.

Twenty-four who took the Three Year Course.

Twelve who took the Eighteen Month Course.

Fourteen of these nurses were engaged for positions before graduation and others might have been if they had cared to consider opportunities which were offered them.

Ninety-seven probationers entered the School during the year, fifty-eight of whom are accepted pupils.

Twenty McLean nurses entered for the Eighteen Month Course.

Twenty-one pupils from other schools entered for courses varying from one to four months.

A comparison of our statistics for the last eight months with the corresponding eight months of 1911 shows an encouraging increase of interest in our School. Against five hundred and six requests for circulars in eight months in 1911, there were nine hundred and seventy-seven in 1912. Against one hundred applications filed in eight months in 1911, there were one hundred and thirty-five in 1912.

We have a staff of one hundred and eighty-three nurses, including graduates and probationers.

The Out-Patient Department has the entire services of seven nurses and part time of fourteen others.

Seventeen nurses are always away getting obstetrical training.

There is always one nurse at the Waverley Convalescent Hospital, and there have been two on the District.

For 1913, we have withdrawn one nurse from the District in order to send a nurse to the Social Service Department, for experience. A Three Month Course has been planned.

Where there were two pupils in the Diet Kitchen last year, we now have three.

Another anesthetizer has been added to the staff, making three in permanent positions. An extra night nurse has been put on in the Accident Ward.

INSTRUCTION.

In the old system, the greatest defect seemed to be the lack of uniformity in teaching methods. So we have established an intensive three months preliminary course for probationers, and have provided the best instructors we could secure.

A class room has been fitted out with ward furnishings, dummy figures and other teaching equipment.

Miss Annabella McCrae, who for the eleven years she has been connected with the Hospital has served the Training School as instructor, supervisor and first assistant to the superintendent of nurses, has assumed charge of the preliminary course, with the exception of Miss Amy P. Miller's daily classes in Anatomy and Physiology.

Miss McCrae demonstrates the various nursing procedures in the class room and groups of probationers give, under her observation, practical demonstrations with theory explaining the underlying principles of methods employed. The probationers have but little time on the wards during these three months, but their fitness for ward responsibilities at the end of the time is vastly superior to that of their predecessors who were trained in the old way.

Good teachers are rare, and we are fortunate in having Miss McCrae and Miss Miller for this important work.

Dr. Robert M. Green and Dr. F. G. Brigham continue their good work with the junior and intermediate classes. We are indebted to a great many people for clinics and lectures on special subjects which are given to the seniors. Miss Ursula Noyes, of the South Department, Boston City Hospital; Miss Coonahan, of the Eye and Ear Infirmary; Miss Beard, of the Instructive District Nursing Association; Miss Martha Stark; and Miss Ida Cannon have all given most interesting lectures.

The various specialists on our own hospital staff are most kind in giving their valuable services for the instruction of the pupils.

During the year 1913 we are able to offer some specially attractive courses to a certain number of pupils:—

The McLean Hospital offers a Three Months' Course in Mental Nursing, the pupils to get experience with acute and convalescent patients. Probably no branch of nursing is so little understood and appreciated, and we hope for great things from this affiliation.

The Social Service Department also offers a most interesting Three Months' Course to a limited number of pupils. This, we believe, is the first affiliation of any training school for purely social service training, and it is sure to appeal very strongly to several of our pupils who train with that work in view.

It has been decided to furnish uniforms and text-books, instead of giving an allowance for that purpose, as has previously been the custom.

Owing to the great expense of the preliminary course, during which time the probationers spend most of the time in the class room, a deposit of $40.00 will be required on entrance to the School. This sum will be refunded at graduation, and a school pin given to each graduate.

A certain number of scholarships will be offered to pupils who wish to apply for them and who attain a good standard of efficiency. The scholarships, of $50.00, will be available at the end of the first and second years.

The McLean nurses who enter for the Eighteen Months' Course will enter on the same basis.

It seems to me appropriate to commend the nurses who, after having spent two and one-half years at McLean Hospital, have the ambition to add another eighteen months to their course in order to qualify for the other branches of nursing. It is also gratifying to know that what we offer is appreciated. At present there are twenty-six McLean nurses in our School, and we are happy to count them among our pupils.

There have been several changes in the Training School staff, owing to the opportunities for advancement offered our graduates.

Miss Ethel Doherty accepted the position of Superintendent of Nurses at the Holyoke Hospital, Holyoke, Mass.

Miss Jessie L. Brown has gone to the Philadelphia Hospital for the Insane, to establish a training school there.

These vacancies have been filled by Miss Jean Macpherson and Miss Ethel Pollard.

Miss Frances West, Night Superintendent for thirteen months, has resigned, and is now preparing for Administration Work.

Miss Annie H. Smith is now Night Superintendent, and again it is possible to say that while we regret the departure of those who have left us, we are fortunate in those who have filled the vacancies.

Dr. Fritz Talbot has offered a scholarship, this year, to promote interest and efficiency in pediatric nursing. Miss Elizabeth Sullivan is to be the recipient, on account of her high standing in the School and her special interest in the Children's Ward. This scholarship is sufficient to cover the expenses of an observation trip to New York, Philadelphia and Baltimore, where Miss Sullivan will study the nursing methods in various hospitals for children. She is to return here as head nurse of Ward H, where we expect to reap the benefit of her trip. The school is very grateful to Dr. Talbot for this very practical interest and for such a precedent. We hope it will lead to other scholarships of a similar nature from other friends of the School.

Mrs. Nathaniel Thayer has offered two scholarships for the coming year and prizes of three class pins, the recipients to be announced at the next graduation. This year, she has offered three class pins, to be assigned as the Superintendent of the School thought best. Believing that the ability to express one's self in writing is a talent to be cultivated, two of these pins were offered to those members of the senior class who should prepare the best papers on certain given topics.

The result was very gratifying. Most of the papers were excellent, and about fifteen of sufficient worth to make a choice between them rather difficult. The committee that decided how the awards should go consisted of Miss Ida Cannon, Miss Alice Tippett and Miss Parsons.

Miss Alice Wescott's paper on "Pure Food Laws" was unanimously selected as best, and Miss Agnes Trull's paper on "Tenement House Laws," was with some difficulty picked out as the second best.

Several things were considered in making the choice—subject matter, style, originality, and the amount of personal research given.

The Alumnae also offered a school pin to the senior who produced the most valuable note book as the result of her training school work. This was awarded to Miss Helen Nivison.

Miss Susan E. Tracey has given interesting talks on "Invalid Occupations."

The graduates have again secured Prof. William G. Ward for a series of talks on "Current Events." The seniors are the special guests of the graduates at these talks.

Our Ladies' Friendly Committee continue to manifest their good will in many ways, from raising money for the New Home to gifts of entertainment tickets and candy to the pupils. Their frequent visits and their real interest in all that pertains to the best welfare of the nurses, educationally and otherwise, is a constant inspiration.

During the past year our office has been asked to suggest graduates for

more than one hundred different positions. In many instances there was no available graduate to recommend, but in looking over the list of graduates one learns that during the past year sixty-one positions have been filled, many of them through our office, and it is interesting to see the variety of occupations.

Ten, superintendents of hospitals.
Seven, assistant superintendents of hospitals.
Five, superintendents of training schools.
Three, assistant superintendents of training schools.
Five, night superintendents.
Eleven, heads of departments.
Four, instructors.
Five, medical social workers.
Five, private school nurses.
One, anesthetist.
Two, medical nurse missionaries.
Two, district workers.

Our thanks are due to the Trustees for the present of two microscopes for class-room work, and I wish to acknowledge the co-operation and encouragement afforded me, not only by the nursing staff, but by the members of all the other departments.

Sara E. Parsons,
Superintendent of Nurses.
